Competitor Descriptions

Teams

Each team will consist of two Journeymen (anyone who has or had the classification can compete), and a Groundman. Scoring is based on correct work procedures and safety. Utility supervisors and past Rodeo contestants are the judges and will follow very strict criteria. Each team participates in five mandatory events. The events will be:

- Climbing Skills
- Hurt Man Rescue
- Three mystery events

A Groundman is a non-climbing participant of the team. He will be allowed to climb if one of the climbing linemen should have to drop out for any reason. The Groundman must be a Journeyman to replace a climbing member of the team. If the Groundman were to replace a Journeyman, an alternate, as Groundman, must replace him to keep the team a whole unit.

All team members must be sponsored and employed by a cooperative/muni/investor-owned utility/contractor and covered by their employer's workers' compensation insurance.

Apprentices

Apprentices also compete in the Rodeo. They compete as individuals in five events:

- Climbing Skills
- Hurt Man Rescue
- One mystery event
- CPR
- Written Test (4:00 p.m. on Friday, March 30) All questions will be taken from The Lineman's and Cableman's Handbook, 11th Edition.
- **NEW: No cell phones or electronic devices will be allowed in the testing area. Using a cell phone or electronic device during testing will result in disqualification.**

A person is considered an Apprentice up to four years after they enter an Apprenticeship. That definition will be used as the criteria for eligibility in entering the Lineman's Rodeo.

If a person has been an Apprentice over four years they will not be allowed to enter the Apprentice events. If a person who is classified as a Journeyman with one company was to obtain employment with another company in an Apprentice classification, that person will not be permitted to enter the Apprentice event.

If an Apprentice makes Journeyman before August 1, 2012, they will not be permitted to enter the rodeo as an Apprentice. If they make Journeyman after August 1, 2012, they will be permitted to compete as an Apprentice.

All apprentices must be sponsored and employed by a cooperative/muni/investor-owned utility/contractor and covered by their employer's workers' compensation insurance.

Judges

The GAFF-n-GO RODEO is growing so rapidly that we are asking you to volunteer one judge for every three participants sponsored by your organization. If you are or ever were a qualified practicing, working lineman you are eligible to be a judge. When you volunteer to be a judge, it is important to attend the Judges' Meeting at 5:00 p.m. on Friday, March 30. In this meeting, each event is reviewed and final instructions are given so that our judging can be fair and consistent.

The journeyman teams and apprentices participating in the rodeo have spent many hours preparing to compete and deserve dedicated judges interested in fair and consistent judging. Please review the list of items below to see what is expected and needed to participate as a judge.

1. Prior experience in the Electrical Lineman Trade.
2. Attend the Judges' Meeting on Friday.
3. Wear Hard Hats.
4. Wear Long Pants.
5. Wear Hard Sole Shoes.
6. Foul Weather Gear is not required; however, it is a good idea to be prepared because the rodeo will be held - rain or shine.

Judges will receive lunch on Friday and Saturday, and a ticket for the cookout on Saturday.

We need and welcome judges from all participating companies and locals. Please use the Judge's Registration Form included in this packet to volunteer for judging. Thank you for your support!!

Will fall restraint be required?

Yes

Will any events be aerial buckets?

No.

Will we have to sign a liability release?

Yes.

A First Aid Station and Paramedic will be on the Rodeo Grounds.

Will there be seating for family members and spectators?

You are encouraged to bring lawn chairs since seating is not available at the rodeo site. There will be no natural shade at the Caroline County Agricultural Fairgrounds.

Concession stand will be set up with soft drinks and food.

Will video footage be allowed to settle judging disputes?

No.

Do alternates get free admission to the buffet?

Unloading tools and parking:

Parking will be available at the Rodeo Grounds. You should arrive by 7:00 a.m. to unload equipment and tools.

Who may protest a call?

The team or Apprentice must be the one to protest a call. Help from spectators in a protest will result in the team or Apprentice being disqualified. No team or Apprentice will be allowed to protest another competitor.

SCORING

Scoring will be judged for:

- Safety.
- Work practice.
- Neatness and ability.
- Equipment handling.
- Timely completion of the event.

Time will be used only to break a tie.

Total number of events for each Team and Apprentice: 5

The events must be completed in the order shown on your schedule. Each event must be marked complete by an event judge before you can start the next event.

The winning team or Apprentice will be determined by the total number of deductions. In the event of a tie, the winner will be determined by the total time to complete all events. Bonus points will not be added for winning or placing in an event.

Scoring Verification

Teams are encouraged to verify the scores that are input into the scoring system. The results will be available at the command center after a team completes all their required events. The final score and team or Apprentice standings will not be available at the Rodeo Event. All final scores and event standings will be revealed at the Awards Presentation following the competition.

Tools

Each contestant needs to bring their own hooks, belt, hard hat, safety glasses, cotton or flame-retardant long-sleeved shirt, hand tools, 20KV rubber gloves, protectors, hand lines, hood bag, and line hose bags. Rubber gloves may be inspected in all events, as required. Velcro straps on climbers must be used as manufactured. No modifications, such as cutting the Velcro shorter, are allowed. In general, no tool modifications are allowed.

- 1. Each team must provide a hand line.**
- 2. All participants will be required to use the fall restraint device.**

All teams must use the Bashlin #35 hand line hook. The handline (or pulley line) must have a sheave in it and must have an approved “becky” for hanging on the pole. An approved “becky” consists of an eye plaited into the sheave, another eye on the other end to snap back into the sheave, and three loops for adjustment of length.

In all Journeyman events the last person who comes down the pole must be the one to drop the handline.

Any special tools required for the mystery events will be provided and must be used. **Please make sure that your tools are clearly marked with your name for identification.**

Each event is worth a total of 100 points. All safety rules are to be observed during the events. See the following list for point deductions:
