

**2018 Journeyman
Crossarm Change Out**
Mean Time: 10 minutes
Maximum Time: 15 minutes

This event will entail changing out a crossarm on a 3 Phase tangent structure. Crossarm will be 8' on a 40' Pole. Line is to be considered energized and NESC 2002 minimum approach distances must be maintained.

Teams will be allowed a 5-minute setup time before starting the event.

1. Time starts at the Judge's signal.
2. First Lineman shall sound pole with a hammer prior to climbing.
3. Ground to ground rubber glove rule applies.
4. Both sides of neutral and clevis must be covered.
5. Primary cover up required to maintain proper clearances.
6. Crossarm may be framed on the ground.
7. Crossarm thru-bolt is to be installed thru the pole first.
8. Preformed ties shall be used to constrain conductors.
9. All materials and tools must be sent up/down with handline.
10. Time stops after both lineman are on the ground.
11. All tools and materials are to be placed neatly on the work tarp.

NOTE: Every attempt will be made to run the event exactly as described above. In the event of unforeseen circumstances or conditions, the Rodeo Event Committee reserves the right to alter the event as needed.
