

**2023 Journeyman
Digger Derrick Obstacle Course
Mean Time: 8 Minutes
Drop Dead Time: 14 Minutes**

This is a digger derrick obstacle event, which will consist of utilizing two of the three team members to successfully maneuver a load through an obstacle course. The two members chosen as operators and the third team member will all start the event from the starting circle.

- Teams will be allowed a 5-minute equipment review time before starting the event.
- All three team members shall begin the event standing in the starting circle.
- Time starts at judge's signal.
- Operator #1 shall lift the pre-hooked and pre-positioned load and maneuver it through a set of cones. After navigating the cones, the load shall be moved over to a target circle and lowered to the ground.
- Operator #2 will lift the load and maneuver it back through the same set of cones. After navigating the cones, the load shall be moved over to the starting target circle and lowered to the ground.
- The event will stop when all three team members are in the starting circle.
- Proper rigging signals shall be utilized as needed and communication is key.
